WEDDINGS AT THE END HEMMEL

Located on our family farm in the beautiful Northumbrian countryside, our barn venue with space for up to 200 guests brings a unique combination of rural, rustic chic alongside our award winning microbrewery and working farm.

We are the perfect space for couples looking for a relaxed celebration somewhere a little bit different.

You will have a fully stocked bar pouring our farm fresh beer and the freedom to choose your own caterers. If you need a little help we have a list of recommended companies who will be sure to make your day unforgettable.

Our lovely team will look after you and your guests, including a dedicated Wedding Coordinator to ensure that everything runs smoothly, leaving you free to celebrate.

You will have a beautiful outside area with views across the fields and fire pits to keep you warm as the sun sets.

There's a stage for a band and plenty of space for you and your guests to dance the night away.
